

Year 2 Homework - 25.01.19

Name:

Maths: Time Tables

Reading

Focus on the 10 times table for a test next week.
This week we are practising the ten times table. We need to recall these facts quickly in lots of different ways. Don't just learn to chant: 10, 20, 30, 40, 50, 60, 70, 80, 90, 100
Instead, practise things like...
3 groups of 10 = ____
40 ÷ 10 ____ 55 ÷ 5 (use <, = or >)

Please make sure you are reading for 20 minutes at least three times a week. Discuss what you are reading with an adult or older sibling at home.

What are you enjoying about the book? Are there any tricky words? Do you have any questions about the story?

Discovery

Grammar

This half term our topic is *Seeing the Light!*

What does it mean for a material to absorb light? Find and write 10 materials or objects that absorb light in your home:

1.	6.
2.	7.
3.	8.
4.	9.
5.	10.

Tick the verb to finish the sentence.

Tomorrow we _____ about frogs and tadpoles.

- are learn
- learning
- will learn
- will learning

Circle the **two** nouns.

I think there is a mouse in the cupboard.
