

Year 3 Homework Week Beginning 11.02.19

Name:

Maths Time Tables

Reading

Focus on the 4 times table for a test next week.

This week we are practising the four times table. We need to recall these facts quickly in lots of different ways. Don't just learn to chant: 4, 8, 12, 16...

Use the four times table to help you with different questions

If $3 \times 4 = 12$ then $3 \times 40 = 120$

If $7 \times 4 = 28$ then what is $7 \times 40 =$

Please make sure you are reading for 20 minutes at least three times a week. Discuss what you are reading with an adult or older sibling at home.

What are you enjoying about the book? Are there any tricky words? Do you have any questions about the story?

Discovery

Grammar

This half term we are learning about the topic:

Discoverers and Explorers

Research a famous explorer or discoverer.

Find out what they are famous for and where it was they travelled to.

For example:

It could be someone who explored somewhere for the first time or someone who conquered somewhere like Mt Everest.

Write a suffix to make the words an adverb

happy____ slow____

Write out the sentence with the inverted commas in the correct places

What time will you be home? Asked Bob

Spellings to practice for a test next week
