

Year 5 Homework Week Beginning: 04.2.19

Name:

### Maths Time Tables

Focus on the 8 times table for a test next week.  
This week we are practising the **eight** times table. We need to recall these facts quickly in lots of different ways. Don't just learn to chant: 8, 16, 24, 32, 40, 48, 56, 64, 72, 80, 88, 96!  
Instead, practise things like...  
There are \_\_\_\_ groups of 8 in 56.  
72 divided by 8 is \_\_\_\_.  
8 multiplied by 11 is \_\_, so 88 divided by 8 is \_\_\_\_.

### Reading

Please make sure you are reading for 20 minutes at least three times a week. Discuss what you are reading with an adult or older sibling at home.  
  
What are you enjoying about the book? Have you had to look up the meaning of any words? Who is your favourite character?

### Discovery

This half-term we are learning about Mars and Space. The Topic's title is 'Mission Mars'. Can you find out 5 facts Mars itself?

1. \_\_\_\_\_
2. \_\_\_\_\_
3. \_\_\_\_\_
4. \_\_\_\_\_
5. \_\_\_\_\_

### Grammar

Insert the speech marks " " and other appropriate punctuation (, . ! ?) in the following sentences:

1. Good morning Year 5 said Miss Kyprianou
2. Miss Regan asked Where did you put the paint brushes
3. I watched the Rover footage of Mars stated Mrs Campbell

The rule for using speech marks are:

---

---

---

Spellings to practice for a test next week
