

Year 4 Homework Week Beginning 18.03.18

Name:

### Maths Time Tables

Focus on the 7 times table for a test next week.

This week we are practising the seven times table. We need to recall these facts quickly in lots of different ways. Don't just learn to chant: 0, 7, 14, 21, 28, 35, 42, 49, 56, 63, 70, 77, 84.

Instead, practise things like...

There are 9 sevens in \_\_\_\_.

49 divided by 7 is...

3 multiplied by 7 is \_\_\_\_.

### Reading

Please make sure you are reading for 20 minutes at least three times a week. Discuss what you are reading with an adult or older sibling at home.

What are you enjoying about the book? Are there any tricky words? Do you have any questions about the story?

### Discovery

This half term we will be learning about the topic: **Bright Sparks and Material World**

Over the next half term, how creative can you be? Your task is to design a collage using different materials.

Using junk modelling, think about why we use different and their purpose?

Think about including a collection of materials such as, metal, wood, rock, plastic, hard and soft, paper, leather, cotton, fabric, glass, etc.

Remember to bring them in for our final week so we can show them off to our year.

### Grammar

Tick the verb form which completes this sentence.

We came here when you were two and we \_\_\_\_\_ in this house for four years.

are living

have lived

were living

would have lived

Circle the correct verbs.

The dogs (is / are) barking a lot today. I think the cat (is / are) teasing them by sitting on the high wall.

Spellings to practice for a test next week

Look	Cover	Write	Say	Check
