COVID-19 Breakfast Club and After school provision

We recognise that our parents and carers need the support of additional provision across the school in order to continue their working day. During COVID-19 we will continue to provide breakfast and after school clubs to support all our families.

Children across the school are organised in to 'bubbles'. Breakfast clubs and after school clubs during COVID-19 will operate in a slightly different way. Each 'bubble' will have their own breakfast club and after school club. Clubs will be held within the designated area for that 'bubble' and only staff from within the bubble will lead the provision. This will prevent the transfer of infection across the school.

Please ensure you have read the additional information regarding breakfast and after school club so you are aware of where your child will enter the school to be registered and where they will be dismissed at the end of each day.

Please note, during COVID-19 the following breakfast and after school club times will apply:

Breakfast club – as we will now be operating 5 different breakfast clubs in the zones / bubbles of the academy and using different entrances for safeguarding purposes all children attending breakfast club must arrive by 7.30am to be registered.

After school club – in order for full site cleaning to take place each day, all clubs will end at 4.15pm

Nurture breakfast

During this time we recognise the additional importance of our nurture breakfast provision. Additional children have been identified to access this provision during this time.

At Tudor we are fortunate to have a large pastoral team. The team have spread themselves across the academy in order to ensure there is one (or more) members of the team in each bubble. The pastoral lead for each bubble will host nurture breakfast each day within their zone.
